

à l'HÔTEL de PARIS

We assert our freedom of inventing the new tastes of the Mediterranean. We are faithful to this terroir, its produce and its producers.

We are equally inspired by the spirit of Naturalness, our culinary philosophy.

It expresses in many different manners. From the ageless technique of grilling a whole fish or a piece of meat on an open fire until the long and complex preparations which exalt the flavour of the produce.

> We are committed to this cuisine that favours substance over effect. Because the only effect that matters to us is the emotion you feel.
