

CHARTER FOR SUSTAINABLE DEVELOPMENT BRASSERIE DU CAFÉ DE PARIS MONTE-CARLO

OUR 33 COMMITMENTS FOR SUSTAINABLE LUXURY

• 2019 - 2022 •

GOVERNANCE & CERTIFICATIONS

1. Implement the Group's Sustainable Development Charter and its implementation for our establishment. ✓
2. Maintain and develop Sustainable Development certifications and approaches: Green Globe, Mr. Goodfish. ✓
3. Make our Sustainable Development approach a reality thanks to the Green Team and the employees. ✓
4. Apply the requirements of the Principality's Environmental Code to all our activities. ✓

COMMUNICATION WITH OUR CUSTOMERS & STAKEHOLDERS

5. Sensitize our customers to our approach of Sustainable Development through our sales support. ✓
6. Reinforce communication with our customers and stakeholders about our eco-friendly offers. ✓

MOBILIZATION OF OUR COLLABORATORS

7. Involve all our employees in all our environmental actions: information, training, advice, procedures and eco-gestures. ✓
8. Create a Green Corner to inform all our employees about our eco-responsible commitments. ✓
9. Develop and support individual charity actions and maintain personal investment. ✓
10. Provide ongoing training on the various themes related to Sustainable Development. ★

ENERGY & WATER

11. Continue efforts to reduce our water and energy consumption. ★
12. Install divisional meters to monitor consumption specific to our operation (water, gas, electricity). 🛠️
13. Equip the common parts of presence detector (locker rooms, corridors, WC, break room). 🛠️
14. Install timers for shower lighting. 🛠️
15. Use only LED solutions for lighting. ★
16. Equip all our water arrivals with faucet aerators. 🛠️
17. Control and avoid any risk of soil pollution. ★

RESPONSIBLE PURCHASES

18. Promote local purchases, short supply chains and organic products. ✓
19. Install Acqua Chiara water fountains that avoid goods transportation. ✓
20. Remove plastic water bottles for staff. ✓
21. Buy individual gourds for all back office and kitchen staff. ✓
22. Substitute all our plastic containers with eco-friendly packaging. ★
23. Use mostly eco-labeled cleaning products whenever possible. ★
24. Use only recycled paper or FSC. ✓

REDUCTION & SORTING OF WASTE

25. Reduce at source the waste of all services. ✓
26. Set up waste sorting and recycling throughout the restaurant. ✓
27. Provide a location for the storage of hazardous products. ★
28. Fight against food waste. ✓
29. Promote the recovery of our organic waste (collection of bread and organic waste). ✓

BIODIVERSITY

30. Respect our commitment to Mr. Goodfish by preserving marine species by choosing a reasoned fishery. ✓
31. Establishment of a herb garden (thyme, rosemary, marjoram, etc.) and lemon trees. ✓

CLEAN MOBILITY & GAZ GREENHOUSE EFFECT (GHG)

32. Reduce our carbon consumption in line with the objectives of the Principality. ★
33. Focus as much as possible on business travel by using environmentally friendly transport: Diester or electric bus, electric car. ✓

✓ Realized ★ In progress 🛠️ In project
